

Dear Friends and Colleagues,

Welcome to PanAmerican Travel Services - “The South and Central America Travel Specialists”. We personally invite you to experience the beauty of Latin America through enchanting journeys customized according to your specific interests.

Our Executive Travel Counselors, hailing from various countries throughout the American continents, carry more than 75 years of accumulated experience in the international travel business. Fluency in local dialects and a passion for Latin American travel allows us to operate in over 15 countries. Our itineraries range from the tropical shores of Belize to the crystal glaciers of southern Patagonia; from the towering heights of Machu Picchu to the isolated islands of Galapagos. Firsthand knowledge of each country, from remote outposts to cosmopolitan centers, allows us to create unique travel itineraries defined by premium hotels, private transfers, personal tours, professional guides and even restaurant recommendations.

In today’s fast-paced world, we understand that the finest details create the biggest difference in service. PanAmerican Travel Services specializes in carefully planning each aspect of every customized journey. In order to provide the greatest service to our dear clients, our Executive Travel Counselors return to South and Central America often, evaluating new hotels, fine restaurants, popular attractions and local guides. These experiences allow us to provide greater satisfaction and quality to those who travel with us.

Whether you are a first-time adventure seeker, or a well-seasoned discerning traveler, PanAmerican Travel Services is prepared to craft an extraordinary journey through the breathtaking lands of Latin America. With our central office located in the United States, we take on the responsibility of legal issues and contracts with third parties for your protection and convenience. While you are traveling, our counselors are just a phone call away as we provide 24-hour emergency assistance for anything you may need. We can handle those last-minute changes that may arise, as well as complex itineraries that include multiple destinations. We are proud to serve others with our knowledge and expertise.
